Building long-form content on the web: The web is not apps

A lot of the modern debate

DRM, the 500lb elephant on the web

Building long-form content on the web: The web can be like print

Use the web to enhance the text

hi (there is an archive available at hitotoki.org

Art Space Tokyo (the essay about it and the online version of the book)

the shape of design and Resilient web design
