

Layouts Notes and Things to work on

- demo22.html
 - The footer runs into content at table sizes
- demo25.html
 - Needs a full responsive makeover. It doesn't work
- demo54.html
 - Fix font sizes for anything other than phone
- demo55.html
- demo56.html
- demo57.html
- demo58.html
- demo59.html
 - Move the left column either above or below the main text on Tablet and smaller form factors
- demo62.html
 - Move the text to the left in large width
 - Set it to display: block for smaller form factors
- demo65.html
 - Play with the title, possibly change font
